

# BEST PRACTICES 2017-18

## ➤ TITLE OF THE PRACTICE

### Academic Monitoring System Goal

- **OBJECTIVE OF THE PRACTICE:-** Improve the quality education with the help of regular, in the time teaching and learning process in depth.
- **THE CONTEXT:** -The problem of understanding and clarity in the subject were raised by the students. In such cases the faculty members are advised to open the subject with the models and latest editions of syllabus, then visualized the things from the real ground so that conceptual thinking of the students can be improved.
- **THE PRACTICE:** -1. Conducting the meetings with students of all department and discussing their difficulties. 2. Surprise visit by worthy Principal in the classes. 3. Meetings are conducting by the Principal with different departments in order to realize the responsibilities of the teacher from academic point of view.
- **Evidence of success:-**1. Attendance of the subject is improved. 2. Discipline is improved. **Problems Encountered:-** We raise question in the class in connection with understanding of subject as well as methodology used in teaching, depth of knowledge and exercise in connection with University examination but, however, students are not responded as per our expectations.
- **Resources Required:-** 1. Teaching aid should be improved. 2. More emphasis should be on communication skill.

## ➤ 2. TITLE OF THE PRACTICE

### Social Responsibilities

- **OBJECTIVE OF THE PRACTICE:-** To make students feel they are part of society and understand life in its fullest sense. To improve students life skills
- **THE CONTEXT:** Introducing new experiences. Inculcating interest in social work. Including habit of helping others.
- **THE PRACTICE:** Our students worked at rangoli making, rakhi making, slogan writing and mehndi competitions. They are awarded by officials with certificates and medals. Our NCC and NSS cadets attended and participated in many camps held at local, district and national level and bagged prizes, medals, certificates along with transformational values.
- **Evidence of success:-**1. Students sensitivity improved. 2. Active participation of students in co curricular activities. **Problems Encountered:-** Monetary resources have to be personally met. **Resources Required:-** Government and college should take initiative to provide monetary funds when required. Students would feel they are the part of society and understand their responsibilities towards society
